

Cold air
Warm air
Use jet-air

www.jet-air.co.za

Cold Plasma

Effective sterilization with more than 90% of bacteria killed Odor removal. Air nutrition improvement with more negative oxygen ions.

0.5w Standby

Innovative switcher power design ensures only 0.5w standby and wider voltage of PCB between 85v~265v.

Intelligent Auto Restart

Upon power is resumed after power failure. The units in the whole building will not be restarted at the same time to avoid impact of electricity net (suitable for engineering project).
