Noordheuwel

Exec-Air (Pty) Ltd is a Gauteng-based company that specialises in Air-conditioning, Ventilation systems and so much more. Operating since 1989, Exec-Air has provided HVAC solutions to some of the industry's leading companies for the last three decades. We are B-BBEE level 3 compliant.

About Us

Exec Air has over 35 years of experience in the HVAC industry, building unmatched knowledge and expertise to remain a market leader and trendsetter.

We specialise in a full range of HVAC solutions, including:

- HVAC supply and installation
- Ventilation systems
- VRF and Multi-V systems
- Maintenance and repairs
- Extraction systems
- Commercial & industrial HVAC
- Chillers and turnkey solutions

Partnering with some of the most prestigious brands in the industry Samsung, Jet Air, LG, Dunham-Bush, Daikin, Midea, and York we ensure top quality products and solutions.

Our highly trained and skilled technicians deliver precise installations designed to exceed expectations. In addition, our dedicated sales and after-sales support team guarantees exceptional service from consultation to completion.

Vision

Our strategy is built on a foundation of legendary service excellence and customer satisfaction. From humble beginnings as a small holding company, we have grown into one of South Africa's leading air-conditioning providers.

We take pride in delivering personalised solutions and an enhanced service offering that consistently exceeds client expectations. By maintaining control over every stage of our operations, we ensure the high standards of quality and service that have become our trademark.
